J.D. EDWARDS CANADA LTD. [ACQUIRED BY PEOPLESOFT, ITSELF ACQUIRED BY ORACLE]

1999 – 2000

J.D. Edwards [acquired by PeopleSoft, itself acquired by Oracle] was the fourth largest Enterprise Software provider and has revenue of \$100M/year and 150 employees in Canada. Hired to clean-up and re-energise the organization in Canada.

Vice-President and General Manager

- Fixed organizational problems that had been lingering for years, implemented proper sales management and streamlined the organization, including staff reductions.
- Participated in Long Range Planning of the Corporation and established a Mid-Range Plan for the Canadian Subsidiary.
- Instrumental in landing several of the largest contracts in J.D Edwards Canada history.

SAP CANADA INC. [WWW.SAP.CA]

1993 – 1998

SAP is the world leader in Enterprise Software. Hired as a Sales Executive in the early days of SAP Canada, and contributed to its growth over a five year period.

President

July 1997 – December 1998

- Established a 3-year vision, clarified the company's mission, defined the strategies and the annual business plans.
- Reorganized SAP Canada from a pure geographic model to an Industry/Geographic hybrid model, including Manufacturing, Distribution, Retail, Telco & Energy, Public Sector, Financial and Healthcare Units.
- Reshaped the marketing and the strategic alliance groups.
- Ensured SAP's external visibility by speaking at numerous conferences and doing quarterly press and analyst tours. Obtained significant number of positive press articles and analyst reports.
- Established a wide network of contacts at the customer senior executive levels as well as within the high-tech industry in Canada.
- Instituted frequent internal communication forums for the organization.
- Established structure performance reviews and career development programs.
- Founded SAP Labs (Canada), a new Montreal-based Development facility part of SAP's Worldwide R&D operations.
- Instrumental in closing SAP Canada's largest transaction worth \$30M.
- Achieved revenues of \$195M and staffing level of 349 in FY 1997.
- Achieved estimated revenue of \$250M and staffing level of 560 in FY1998.

Vice-President Operations

March 1996 – July 1997

- Responsible for all Sales and consulting services functions across Canada, except Finance, Legal, Human Resources and Marketing.
- Prepared the 1997 Business plan. Monitored operations. Motivated personnel. Engaged the whole organization in setting aggressive goals (known as BHAGs within SAP Canada - Big Hairy Audacious Goals).
- Instrumental in closing one of SAP Canada's largest transactions worth \$25M.
- Achieved FY1996 revenue of \$109M and staffing level of 200.

District Director – Quebec & Atlantic Canada**January 1995 – March 1996**

- Had P&L responsibility for the region, including sales, consulting and administration with revenue Target of \$12.7M. Achieved \$15.7M in revenue. Staffing grew to 35 people. Expanded the office from 7,000 to 20,000 square feet.
- Instrumental in closing SAP Canada's largest transaction worth \$12M.
- SAP Canada revenue for 1995 was \$65M and total personnel were 130.

- Responsibility for sales with District Quota of \$4.3M. Achieved \$6.7M. Hired 2 account executives, 3 presales consultants and 8 consulting personnel. Opened the Montreal office, hired a Public Relation firm, and established strong presence in the media.
- SAP Canada revenue for 1994 was \$38M and total personnel were 104.

Account Executive – SAP Montreal**August 1993 – December 1994**

- Converted a dissatisfied customer into a reference account and signed \$1.2M of new business with them. Sold several new customers, including a \$4.0M contract. Provided a support structure to other existing customers.
- Built the Montreal infrastructure. Developed of a 7,000 square-foot Montreal Office, including facility search, lease negotiation, office design coordination, contract procurement coordination, etc.
- SAP Canada revenue for 1993 was \$16M and total personnel were 48.

PRIME COMPUTER/COMPUTERVISION [ACQUIRED BY PARAMETRIC TECHNOLOGY CORPORATION (PTC)] 1991 – 1992

Recruited at Prime by the former President of Sperry Canada to run the Eastern Canada region.

Regional Manager

- Responsible for managing sales in the Quebec & Ottawa Region for both the Computer Business Unit and the ComputerVision Business Unit. Total staff was 25, including sales, presales, consulting and administration. The total operating budget was \$35M.
- Co-managed Prime Computer Canadian downsizing and restructuring which resulted in shifting the direct sales organization in favour of an indirect sales model.

UNISYS**1973 – 1991**

Unisys (result of the merger Burroughs and Sperry) was the second world leader in large scale computer systems. Started my career with Sperry Univac, spent nearly 19 years occupying various roles, from very technical (ranging from programming to project management) to sales and management.

Sales**April 1982 – February 1991**

- Occupied increasingly more senior positions from Sales Representatives, to Senior Sales Representative, to Account Executive. Sales during this period were in excess of \$20M. Participated in Top Achievers' Club 7 times.
- Last assignment was to promote Unisys' Airline software to Air Canada and to manage the Air Canada account with a Team of 20 people in marketing, consulting and administration.
- On day of departure, honoured with the first ACE award; for Achievement, Cooperation and Excellence.

EDUCATION

Real education is an ongoing process where formal tutoring mingles with practical experience to produce valuable lessons.

- Read tens of business books including, amongst favourites, Built to Last, Good to Great, Leading Change, The Innovator's dilemma and The Innovator's Solution, Who moved my cheese, Crossing the Chasm, Inside the Tornado, The Gorilla Game and Living on the Fault Line, and Blue Ocean strategy.
- Have engaged in over 20 personal development courses and seminars over my career.
- Computer Science degree at de Maisonneuve College.

ASSOCIATIONS & HOBBIES

Have made many appearances on national and local television programs in Montreal and Toronto, sharing my views on technology, sales and management practices. Served as keynote speaker at Canadian Information Processing Society (CIPS) national tele-broadcasts and have spoken at dozens of forums and to audiences with more than 1,000 people. Past member and sat on the Board of Governors of the Information Technology Association of Canada (ITAC) and of the Innovators' Alliance. Also a past member of the Canadian Roundtable on e-Business Acceleration.

Extra-curriculum activities include:

- Working and Learning.
